

## **Applications for TEKNOFEST 2025 Technology Competitions Are Now Open!**

**Applications for the 2025 Technology Competitions, held as part of the world's largest Aerospace and Technology Festival, TEKNOFEST, have begun. This year, TEKNOFEST's new location is Istanbul, bringing excitement to its peak with 45 million TL in prizes and over 75 million TL in material support. The application period for those eager to shape the technologies of the future continues until February 20!**

TEKNOFEST, organized under the leadership of the Turkish Technology Team Foundation (T3 Foundation) and Republic of Türkiye Ministry of Industry and Technology in 2025, is gearing up to bring together millions of technology enthusiasts in Istanbul. Known for its annually updated competition categories and hosting Türkiye's largest prize-winning technology competitions, TEKNOFEST will feature 51 main categories and 117 subcategories in 2025. Applications for the TEKNOFEST 2025 Technology Competitions will remain open until February 20.

### **Across 51 Different Categories at TEKNOFEST Istanbul**

TEKNOFEST 2025 will feature 51 different technology competitions, including the eagerly anticipated Rocket Competition, Model Satellite Competition, Unmanned Aerial Vehicles Competition, Air Defense Systems Competition, Artificial Intelligence in Aerospace Competition, Barrier-Free Living Technologies Competition, and Blockchain Competition. This year, new opportunities await technology enthusiasts with the addition of first-time categories such as the Underwater Rocket Competition, Unmanned Land Vehicle Competition, International Children Science Competition, and TEKNOFEST Architectural and Visual Design Competition. The competitions will be centered in Istanbul and held at various locations across the Marmara Region, offering technology enthusiasts a unique experience.

### **Since 2018, TEKNOFEST Technology Competitions Have Inspired 4 Million Dreams!**

Since 2018, TEKNOFEST has been the hub of innovation and ideas shaping the future, hosting nearly 4 million applications to date. In TEKNOFEST 2025, thousands of young individuals from all educational levels, from primary school to postgraduate, will have the opportunity to apply for various technology competitions to turn their dreams into reality. Applications for the technology competitions, which will be held as part of TEKNOFEST 2025 in Istanbul, close on

February 20. You can submit your application now to be among the architects of the future and be one of the pioneers of technology!

Organized under the leadership of the Turkish Technology Team Foundation and Republic of Türkiye Ministry of Industry and Technology, with contributions from Türkiye's leading technology companies, public institutions, media organizations, and universities, the TEKNOFEST Aerospace and Technology Festival is set to meet technology enthusiasts in Istanbul in 2025. Known as "the only festival of firsts" and spreading the festival spirit across every corner of the country, TEKNOFEST invites you to apply for its technology competitions at [www.teknofest.org](http://www.teknofest.org).
